ABOUT PRIME PACKAGES

Who We Are

Prime Packages makes plastic and courier packaging in Lahore. We supply flyer bags, garment bags, and shopping bags to retail and clothing brands across Pakistan, from large fashion labels to online sellers.

We run our own factory, so the film, the printing, and the finishing all happen under one roof. That means we can keep quality steady and turn orders around without depending on anyone else. If you need a specific size or your logo printed on the bag, we make it to order.

We also offer sustainable packaging options for clients who want a greener choice. As more brands look to reduce their environmental impact, we help them do it without giving up on quality or durability.
